

# HAHN

**Great Taste.**  
**Low Carbs.**  
**How Good.**

## HAHN SUPERDRY GF

Hahn SuperDry GF is an easy-drinking, low-carb lager brewed with a revolutionary process using rice to create a cleaner, crisper tasting beer that is also preservative-free, 99% sugar-free and gluten-free.

It's taken us more than five years of experimentation and refinement, but we're proud to say that this beer is brewed with no gluten containing ingredients – making it entirely gluten-free.

- Certified Gluten-Free & Coeliac Australia Endorsed
- 99% Sugar-Free & Preservative-Free
- Low Carb, Full Strength Lager
- Smooth, Crisp Finish with a Balanced Hop Aroma

Better yet, it's endorsed by Coeliac Australia. So whether you're Coeliac, gluten-sensitive, or simply choosing a gluten-free lifestyle. Hahn SuperDry GF lets you enjoy great beer with confidence.

Carbs: 4.5g  
ABV: 4.2%

## HAHN SUPERDRY

As one of Australia's top selling Low Carb beers, Hahn Super Dry is not only brewed with the finest quality ingredients, but also brewed longer to deliver a genuine Super Dry taste. On average it is 99.9% sugar free, 0.7% carbs, 99 calories per serve and preservative free.

A thirst-quenching lager that's produced using only the most premium ingredients with an extended brewing process that creates a classic Super Dry taste with one-third of the carbs of most other Aussie lagers by breaking down a higher volume of natural sugars.

Our original low carb beer.

Carbs: 2.2g  
ABV: 4.6%
